Lake Tahoe Oral History Subjects

The following list contains Lake Tahoe subjects found in oral histories done by the University of Nevada's Oral History Program.

Each citation shows the number of the oral history along with the page number where it appears in the book. A numerical list of the oral histories is at the end of this document.

- | | |
|--|--|

Numerical List of Oral Histories

The following is a numerical list of all oral histories completed by the University of Nevada Oral History Program, 1965-2003. Most manuscripts are identified by the names of their chroniclers, but some single volumes containing several thematically related chronicles are identified by title. This list guides the reader to a cited work by reference to its numerical code, which was assigned according to the order in which the oral history was completed.

* Denotes one of two oral histories from the same chronicler.

** Denotes oral histories that have come open for research since the original synopses were done.
